Terms and Conditions of Sale

Delivery. These prices include free delivery to such places as can be reached without unreasonable expense.

Guarantee. We guarantee to replace, free of charge, all plants which fail to grow, providing they have been given proper care, payment has been made when due, and notification of such failures is made before September 1 following delivery. Planting of such replacements will be additional.

Planting. These prices do not include planting but arrangement for planting can be made at a reasonable cost.

Terms. A discount of 2% will be made if paid within ten days from date of invoice; thirty days net.

Quantity Discounts. Five or more of one variety will be priced at tens rates and fifty or more at hundreds rate.

In addition to the above, quantity discounts will be allowed, based on total amount purchased in one year and paid for when due. The year may be taken from Jan. 1 to Jan. 1, or from July 1 to July 1. The discounts would be as follows:

\$ 50.00 to \$100.00 — 2%	\$300.00 to \$500.00 — 5%
100.00 to 200.00 — 3%	500.00 to 800.00 — 7%
200.00 to 300.00 — 4%	800.00 and up... — 10%

Prices. We try to furnish the maximum in service and quality. Some nurseries do not include free delivery, guarantee, etc., and may quote lower prices for this reason. We will be pleased to quote discounts without such special service. In comparing prices, both nurseries should be asked to quote on the same terms. In the same conditions of service and quality, we welcome comparison of prices.

Landscape Service. We specialize in landscape work and are prepared to furnish plans and specifications alone, or will prepare plans, furnish material, and carry out the work in full, as desired.

Location. Located at Federal Highway 16, ¼ mile east of State Highway 83, 23 miles west of Milwaukee at the west limits of Hartland. Can also be reached by Milwaukee-Oconomowoc bus line and the C. M. St. P. & P. Railroad.

PERENNIALS AND BIENNIALS

Perennials have increased greatly in popularity and in attempting to keep up with the demand, we have added new varieties to our list as fast as we have found them adaptable to Wisconsin conditions. We have grown increasingly large quantities until we now grow many thousands each year.

The plants quoted are all strong, transplanted stock of sufficient age and strength to bloom the first year.

* designates rock plants.

Heights given are of plants when in bloom.

These prices include delivery and our usual guarantee, except when requested dug out of season.

Special prices will be made on large quantities, or without delivery or guarantee.

Three of one variety will be sold at 10's rate.

An extra charge will be made for plants selected and staked when in bloom or dug with ball of earth.
